Superintendent

TO THE MEMBERS OF THE CLASS OF 1965

Your contributions to the Radcliffe Community School will long be remembered by the faculty, parents, patrons; and by the students who will next year take your places. As it should be in a democratic society, underclassmen are just waiting to step in and fill the vacancies that you will leave. Many of them will benefit from the experiences they have had with you and will be better citizens because of this.

You, too, should be ready and willing to fill the vacancies in our complex world. Set your goals high and strive to reach them.

Don't forget us here at RHS. Come back to see us and give us your views on how to make our school one of which we shall always be proud.

Max H. Mabie

Secretary to Superintendent

*Best Wishes, Jackie
Donna Bolles*

Donna Bolles

Principal

Congratulations to the Class of 1965

You have studied long and diligently so that you might enter into your "Life's Work." At the same time, you will soon realize, you have "not finished, but just begun."

We have given you the opportunity to learn how to read, how to figure, how to write. We, with your parents and your church, have given you the opportunity to learn such ethical, moral, and spiritual standards that are necessary for wholesome living. We have given you the opportunity to learn and to practice living in a democratic society. We hope that you will enter into your new life with enthusiasm, with respect, and with love. We hope that you will continue to learn so that you can develop your talents to the fullest extent possible; that you may serve yourself, your community, and your country with responsibility and with pride. So that at the end, you may look back and say "well done."

RAD TEAMS SPLIT AT NESCO

The Cardet downed by Nesco Friday night. Both teams exchanged leading the first

about syllable accenting. We also learning use the dictionary and about words are spelled differently, but are pronounced differently, and different meanings.

Those received 100% in spelling week were: Ma Diane.

FOURTH GRADE

Mrs. Olson

In music we going to learn play a song from Dennis, Paul

ley, Randy, Janey, and Roger magic show for third, fourth, fifth grades. Fjelland did a magic trick.

In physics we are just the mini-train

In science we are studying about "Have-

With Rad down three points at the end of the third quarter Nesco had the needed power to defeat Rad in the fourth quarter. Becky Higgs and Wanita Skeie fouled out in the fourth quarter which gave Nesco the edge. The game was a rough duel with both teams playing good ball.

The leading scorer of the game was Eileen Clark who poured in 41 points for the losers consisting of 12 field goals and 17 points from the charity line. Becky Higgs was also in double
